

FIREBOT VALUE-ADDED RESELLER AGREEMENT

Welcome to FireBot!

We look forward to working with you as a FireBot Reseller. To enroll in this program, a minimum purchase of Water Leak Detection systems will be required each month. Each kit includes a Gateway, Ball Valve Shutoff, and 4 water sensors. We give all new Resellers our most preferential rate for your first six months and then pricing will be determined by Monthly Sales Volume. There are no on-going commitments beyond the minimum volume purchasing level.

Minimum Monthly Obligation

To enroll in the FireBot Resellers Program, a minimal purchase of four (4) Water Leak Detection Systems per month is required. At the first of each month (for a minimum of six months), you will receive and be billed for four (4) Water Leak Detection Systems at a Reseller price of \$350 ea. plus shipping. It will be your responsibility to sell units at a profit, and recover any shipping, taxes, and installation fees.

Reseller Pricing Schedule

We will start you at Platinum Pricing, our best, for the term of this agreement. This pricing level will remain in effect as long as four units or more are ordered each month. Qualifying purchases can be a mix of Plumber Sentry water leak systems and FireBots. If levels drop below four units per month, wholesale purchase price may vary based on volume.

Retail Pricing Schedule

Prices for Products shall be those specified in FireBot, Inc's current price list (set forth in Exhibit A price list), less any applicable discount (set forth in Exhibit A price list), or in accordance with an applicable, valid written price quotation, if any, submitted by FireBot, Inc to Reseller for such Products. Prices may change with written notice.

Note: FireBot Maximum Pricing set forth in the Price List must be adhered to.

Ownership

FireBot, Inc. and its suppliers retain all rights, title, and interest in the intellectual property of the FireBot, Inc. products, marketing materials, FireBot, Inc. marks, and FireBot, Inc. confidential information.

Product Warranty

The warranties for Products may be found at the following URL: <https://www.firebotsuppression.com/warranty/>. The reseller shall not make any warranty commitment, whether written or oral, on Firebot, Inc.'s behalf.

Term

This Agreement shall be effective on the date of signing this Agreement (hereinafter referred to as the "Effective Date") and will be renewed annually.

Termination

This Agreement may be terminated if any of the following occurs:

1. Immediately, if one of the Parties breaches this Agreement.
2. At any given time by providing written notice to the other party 30 days prior to terminating the Agreement.
